

Rove Concepts

# Porter Armless

The Porter is a structured armless seat with boxy flare and a low-set profile. An elevated back rest provides ample lean-back support, while high-density foam cushioning is nicely rounded and perfectly firm. Detailed pipe stitching around the edges finishes the modern design that can be combined with other Porter Modular pieces to create your perfect sectional.

**Details**

- Kiln-dried hardwood frame with doweled joints and reinforced corner blocks
- Soft-padded frame made with polyurethane foam wrapped in polyester fiber
